OBJECTIVE

A Computer Science student specializing in Software Engineering, I am passionate about full-stack web and mobile development and am seeking a position that allows me to contribute to high-impact digital solutions. I am dedicated to combining technology and creativity to design innovative platforms that solve real-world problems and improve daily life.

EXPERIENCE

- **Freelance Full-Stack Developer** *June 2022 – Present*
  🌐 Remote
  ◦ Developed and maintained responsive web applications for diverse clients using MERN stack (MongoDB, Express.js, React, Node.js).
  ◦ Collaborated with clients to gather requirements, design architecture, and implement scalable solutions, improving client satisfaction by 30%.

- **Junior Software Engineer** *April 2025 – May 2025*
  Monastir, Tunisia 🌐 Infraway
  ◦ Developed a full-stack web application using React.js and Node.js for managing students and laboratory activities.
  ◦ Implemented RESTful APIs and integrated MongoDB, improving data accessibility and management.

- **Freelance E-commerce Developer** *January 2024 – March 2024*
  Shopify Store Development 🌐 Remote
  ◦ Designed and managed a Shopify store including product catalog, collections, and customer order processing.

EDUCATION

- **Faculty of Sciences of Monastir (FSM)** *September 2022 – June 2025 (Expected)*
  Bachelor's Degree in Software Engineering and Computer Systems Monastir, Tunisia
  ◦ Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Systems, Web Development, Software Engineering.

PROJECTS

- **Pet Exchange and Adoption Platform** *April 2025 – May 2025*
  React.js, Node.js, Express, MongoDB, JWT, Socket.io [⬡]
  ◦ Developed a full-stack web application for product exchange and pet adoption with a focus on user community building.
  ◦ Implemented secure authentication with JWT, RESTful APIs, and real-time messaging using Socket.io.
  ◦ Features include ad publication, advanced filtering, search functionality, and a user rating system to enhance trust and user experience.

- **Blog Administration Panel** *September 2025*
  Next.js, Node.js, Express, MongoDB, JWT
  ◦ Developed a secure admin section for a blog to manage articles, users, and comments.
  ◦ Built a rich text editor for article creation and implemented user role permissions (Admin, Editor, Viewer).

SKILLS

- **Programming:** JavaScript, TypeScript, Python, SQL, HTML/CSS, PHP
- **Frontend:** React.js, Next.js, Redux, Bootstrap, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs, MongoDB, Mongoose, Laravel
- **Mobile:** Flutter, React Native
- **Tools:** Git, GitHub, Docker, Postman, Shopify, JWT, Socket.io
- **Languages:** Arabic (Native), French (Fluent), English (B2), German (A1)

CERTIFICATIONS

- **Meta Back-End Developer Professional Certificate** *Mar 2024*
  Coursera – Meta Credential ID: CERT123456789XYZ
- **Front-End Web Development with React** *Jan 2025*
  Coursera – HKUST Credential ID: HKUST_REACT_202501_98765
- **AWS Cloud Practitioner Essentials** *Nov 2023*
  Coursera – AWS
  ◦ AWS Cloud concepts, core services, security, architecture, and pricing.
